

Quilts & Services

Art Quilts

Let me create a one-of-a-kind wall quilt for you. Call me to discuss your needs or to see my portfolio.

Tribute Quilts

Tribute quilts are designed to honor a person or a significant event. I have helped clients celebrate the life of a loved one by incorporating clothing into intensely personal artwork that can be enjoyed now and handed down to future generations. I've also created one-of-a-kind art quilts to celebrate weddings and anniversaries, birthdays, new babies, and even to say "thank you."

Baby Quilts

Every baby deserves a quilt. Call me so that we can make a special quilt for that special little someone. Prices range from \$250 to \$750.

Web Design Services

I can design and maintain a website for you or I can design a site that you can maintain and update yourself. Contact me for details.

Fees

- Lecture: \$300*
 - 3-Hour Workshop: \$425
 - 6-Hour Workshop: \$600
- * \$250 if lecture is booked with a workshop.

Prices do not include travel expenses.

Cyndi Souder is an award-winning quilt artist whose work has been displayed at the International Quilt Association Festival in Houston, the Mid-Atlantic Quilt Festival, the Quilt Odyssey, and other quilt shows.

From vision to reality, everything about the quilt process engages me: the initial flash of inspiration, the fabric choices, the design decisions, and especially the quilting. I love the process.

Most often, I make quilts in response to challenges or commissions where I conform to a theme, a set of rules, a client's desires. When my schedule allows, I work with ideas and techniques that make my heart sing. I love structure – trees, buildings, standing stones. I incorporate words wherever I can and I revel in their graphic nature. I believe that black is a neutral and I include it in almost everything.

If I'm not in my studio, you'll probably find me teaching, lecturing, or facilitating workshops.

Workshops

Trees

Create your own tree quilt with freeform rotary cutting and easy machine pieced curves. Let the fabric do the heavy lifting. Great for all levels.

Trees 2005[®]

Quilt Writing

Learn different ways to add freemotion machine-quilted writing to your quilts. We'll talk about how to keep the lines straight, how to choose your quotes and then scale them to fit the space. For intermediate machine quilters or confident beginners.

From Time Flies[®]

The Pen is Mightier Than the Needle

Using a simple pen and a light table, learn to add images, shadows, and shading to fabric with lots of tiny dots. No drawing skills necessary. This workshop is perfect for all levels.

Memories 2005[®]

More Workshops...

Paintstik Primer

You see these Shiva Paintstiks everywhere, but how do you use them? This introductory workshop will cover two basic ways to apply these Paintstiks to fabric: by rubbing on texture plates and by using a brush. You'll be amazed at how easy it is to create your own fabric with these amazing paints.

To Bead or Not to Bead

No question here: Bead on! This workshop will cover beading basics, including simple embellishment techniques using a variety of bead styles. We'll discuss different methods of affixing beads and play with hot fix crystals to add flash and pizzazz. The possibilities are endless. For traditional and art quilters.

Lectures

Lessons Learned

This lecture could easily be called "The Good, the Bad, and the Ugly." In this lecture and trunk show, I'll talk through the lessons I've learned in a quarter century of quilting. Using my own quilts to illustrate the lessons, I'll address universal topics like respecting the bias, knowing when scrappy is "too scrappy," creating original designs, and letting the fabric do the work.

Overcoming Quilter's Block

Where do quilt ideas come from? Actually, they're all around you. In this lecture, I'll show some of my own quilts and talk about where the ideas came from. I'll also share some tricks and tips to jump-start your creativity. The only problem you'll have is deciding which quilt to make first.

Fabric Acquisition 101

Ever wonder how much fabric to buy? Which fabric to buy? Should you wash it before you cut it? How should you store it? In this lecture, I'll talk about these topics and I'll share how I manage my fabric stash. Using some of my own quilts, I'll talk about how my approach to fabric management contributed to their design.

It's Okay to Write on Your Quilt

Why should all the words on your quilt be confined to the label? In this lecture, we'll explore how to add words to your quilts by using your sewing machine, paint, ink, and beads. Go on! It's okay to write on your quilt!
